

Call for abstracts

The abstract selection procedure is now over.

We would like to thank again all the organizations that have submitted an abstract for a poster or for a pitch.

For those who have submitted an abstract for a pitch, the notifications were sent on the 27th of April. We have selected 11 pitches for our pitch session that will take place on the 27th of June.

The notifications for the posters are on going.

For any questions regarding the pitch/poster sessions, please contact :
